

How your client experience will change during Covid 19 times at Why Not Hairdressing

1

On arrival at the salon please wait outside (sorry it's Covid) if you give us a little hand wave we will know you have arrived. We have placed 4 luxurious chairs outside the salon maintaining social distance . We will provide you big umbrellas if it' s raining.

2

Your stylist will call you in when we have sanitized your seating inside. We will be taking your temperature (infra red – contactless) and supplying you with sanitizing hand gel before entering the salon

3

We ask you to come with your own face mask . We can provide you one for £1 if you don't have one . We are mortified but Covid 19 regulations say no mask no hair service, also NO DRY cuts are allowed.

4

We will be wearing a face shield, mask and apron during the duration of your service . We positioned protection screens at the reception area and at the backwash area to fully eliminate contact with other clients .

5

If you have any doubt as to the way you are feeling or you have any symptoms of Corona virus please let us know and do NOT attend your appointment, book instead a Covid test, stay at home and self isolate.

6

While we are still taking cash payments we would rather encourage you to use contactless payment . Please note a charge of £3 is added to every visit to cover for additional PPE measures and disposables to protect you further. This will be hopefully removed in the uncertain future.

We will be using OXI 3 Oxigenio air Sanitizer throughout the day using Ozone technology to sanitize the air environment. Please find our updated price list from July 2020 at whynothairdressing.co.uk Many thanks for your understanding and we welcome you to find our best measure in place to protect you further .
